Footnotes:

1. Multiple cell models of the single cell models above are also available but not listed. Multi-cell models are end-wall to end-wall arrangements that do not affect airflow or thermal capacity of the single cells, and are certified.
2. Certification includes tower construction materials indicated by suffixes -B, -S, -E and -F which are added to basic model numbers above.
 - B is for HDG casing, basin, mainframe and hardware
 - S is for stainless steel casing, basin, mainframe and hardware
 - E is for FRP casing, FRP basin and HDG mainframe and hardware
 - F is for FRP casing, FRP basin and stainless steel mainframe and hardware
3. Certification includes unit with optional gear drive in place of standard belt drive.
4. Certification includes use of optional water silencers.
5. Certification includes use of side, end or bottom water inlet configuration.
6. Certification includes use of optional handrail and/or ladder cage.
